GEORGE SICKLES IS AGAINST WILSON

NEW YORK, July 11.—Sixty representatives of the provincial New York State Committee of the "Blue" House party met here today and cheered Colonel Roosevelt as they made plans for the campaign in New York. General S. S. Sickles, the chief speaker, attacked Governor Wilson.

William H. Crockett, chairman of the provincial committee, presided. General Sickles said:

"The old parties are not satisfactory in many respects. It is the first time since the war that a southern man has been nominated for President. Mr. Wilson is a new man, he is the honest man and an efficient man."

"However, Mr. Wilson was born and reared in the wrong side. We southerners are never disposed to put a man who has been reared in the Confederacy, so to speak, where people fought on the Confederate side, in the White House."

There were yells of approval as the Governor, who lost one of his legs in the Civil War, attacked Governor Wilson. For forty years, he went on, he had been a Republican.

"I am now happy to be a supporter of an extreme fellow, Theodore Roosevelt," he said, and the audience cheered for five minutes. A man got a red badge and waved it, and the cheering was renewed with still greater violence. The Governor then turned to the Colonel and after the usual salutation said: "I am glad to see you here."

ROOSEVELT MAY CROWD TAFT OUT IN CALIFORNIA

SAN FRANCISCO, July 11.—Col. Roosevelt's visit to California has thrown the Republicans of California into a state of confusion, out of which they must carve their way before the presidential election on Nov. 5. Through a series of complications of the California primary law, it appears now that the contest at the Republican primary here will not be so much a fight to elect certain candidates to the Senate and Assembly of the Legislature and to the National Convention, but another fight between Taft and Roosevelt.

Roosevelt has put California into a unique position. Out of this State he is a national progressive. In it he is a Republican. This is because the primary law does not provide for a third party vote. If Roosevelt follows the party line, he will have the upper hand. If he follows his own line, he will have the upper hand. It is possible that a Taft Republican will have the opportunity to vote for his leader in California.

WILSON IS TO 9 WAGER FAVORITE

NEW YORK, July 11.—Best money is being wagered in the financial district on the presidential election.

From confidence in Roosevelt, it is now being placed against Governor Wilson, and it is accordingly centered at odds of 9 to 1. The Wilson contingent taking the long shot. The rounded wagers were \$100 to \$125 to \$225, and two bets later on the stock exchange \$5,000 was offered as well as to be placed on Governor Wilson at odds of 3 to 4. There were no takers.

Dysentery, Cramps And Diarrhoea

are common summer ailments and are generally caused by the system trying to rid itself of some injurious or indigestible material which has been immoderately taken into the stomach, gulping down food drinks or sudden changes in the weather.

The discomforts and suffering which result are easily prevented and quickly relieved by Duffy's Pure Malt Whiskey, the great family medicine.

By its systematic use you can so strengthen the digestive organs and the entire system that the many things which lead to a siege of these distressing ailments have no ill effect upon you.

Go to your nearest druggist, dealer or grocer today and get a large bottle of Duffy's Pure Malt Whiskey.

For \$100, take it regularly as directed, and you will go through the summer fortified against the dangers of impure or change of water, urticaria or spotted fruit, sudden changes in the weather and the hundred and one other causes that many of us have to suffer from.

WILSON PLEADS FOR ECONOMY

ATLANTIC CITY, N. J., July 11.—Governor Wilson, addressing the United States Building and Longue Lake, made a warning against what he termed the evil of national extravagance, and strongly urged that business should be recognized as a "splendid country" and needs a cultivated province with a capital "Y. M. C. A. building."

He also told five thousand residents of Atlantic City and their friends that their own life is in need of moral discipline. The man who is ashamed to be caught in a dirty trick and that a community ought to be ashamed to be caught in a dirty trick. This was at the cornerstone laying of the new Y. M. C. A. building.

Business and Politics Linked

"I have sometimes heard now and then that politics have nothing to do with business," he told the Building and Longue Lake delegates, "and that business has nothing to do with politics; yet, when you think of it seriously, there can be no separation between business and any other interest in life."

"It seems to me that we have some serious misadventures of extravagance. I think that a prophet is an outlaw."

"The reason we are interested in the postal savings issue and hope that they may develop very much beyond the present measure, beginning is that we want men who have only pleasure to serve, to save; we want men who have only little glimpses of the future not to lose those glimpses; we do not want to discount the good things of tomorrow, leaving a condition here for tomorrow, leaving the man who does not look for tomorrow, cannot even the perspective of national life."

"We are building not for the day, but for the future. And the only dignity of the world, Nations do not have any immortality. Nations cannot be immortal. They are ordinary men. Their only immortality, their only salvation and their only chance for dignity is that they are willing to build for the future."

"We should all make a greater security for the tomorrow, and if we do this, the power we will be able to quiet the differences and discipline of our working classes. You, too, would be disturbed and uneasy if you did not know what would happen to you tomorrow or the country."

"You must make your foundation of hope, the foundation of confidence, and then all the countries of the world can overcome that temptation. You must overcome it in the midst of persons in whom you do not know what would happen to you tomorrow or the country."

"We are trying to create everywhere the sense of large business this fundamental conception that any man who handles any affair bigger than himself is a trustee for the rest of the community, and in proportion, as we lift ourselves to the full dignity of that conception, we shall lift ourselves above the difficulties of public life as well."

CALL CORTELYOU IN CAMPAIGN INQUIRY

WASHINGTON, July 10.—Florence B. Cortelyou, formerly Secretary of the Treasury, now head of Consolidated Trust and Republican campaign chairman in New York, was today in New York in a party to the Senate committee regarding campaign subscriptions of that year.

TAFT FEARS LOSS OF ELECTORS

WASHINGTON, July 11.—"Steel," "Naked Theft," "Burglary," "Question," "Who's saying such words?"

"Teddy," comes the answer.

Now other than Charles D. Hilles, national Republican chairman, William Barnes of New York; Senator Chase of Massachusetts and Robert Pearson of Pennsylvania. The cries came when the former steam roller operators presided that Theodore Roosevelt is in a fair way to get the election in half a dozen good Republican States, whether they vote for Taft or not.

Chairman Hilles was in consultation with his chief and party leaders. The subject of discussion was "How to keep Roosevelt from running off with the Republican party in States where the Republicans carry and in which the electors would be prominent Roosevelt men."

President Taft, Hilles, Barnes, Crane, and the others lay "the air" of the eight hours Mr. Hilles spent at the White House were devoted to discussing this perplexing question. Not one of the Taft men will say what is going to be done to prevent Roosevelt from running off with the electors.

The only thing definite reached by the Taft people was that any attempt of the Roosevelt party to grab Republican electors would be a plain case of stealing. The men who "hold" were among the operators of the "steam roller" at Chicago.

The situation in Kansas, North Dakota, Pennsylvania, California, New Jersey, Illinois, Oregon and Washington is alarming to Taft with the exception of South Dakota and Washington, these States voted for Colonel Roosevelt in the primaries before the convention. In California, South Dakota gave its vote to La Follette, and not to Roosevelt, but it is a distinctly progressive and pro-Roosevelt.

NEW THIRD PARTY BANNER FLUNG TO BREEZE IN IOWA

DES MOINES, Ia., July 11.—The third party movement was launched in Iowa at a meeting of the Progressive delegates to the Republican State convention, following the adjournment of the convention. Judge John I. Stevens, of Boone, leader of the Roosevelt forces, presided. Everything is now progressing smoothly and the Ball Mowse man promises a lively fight.

Efforts of Governor Carroll, who is a Taft adherent, to pass a resolution endorsing the platform adopted at the National convention, failed, being voted 72 to 242, and his effort to eliminate from the report of the majority of the Republican Platform the section condemning a "fraudulent" Chicago convention also failed.

PROGRESSIVES MAY PUT UP ROOSEVELT ELECTORS IN STATE

The Association of Progressive Republicans will meet at noon tomorrow in the Tremont Building.

Whether the Progressives, led by Charles S. Butler, will put up a slate of Roosevelt electors is to be determined after the organization of the new association has been put on a permanent basis.

It is proposed to develop an organization in each congressional, senatorial and representative district made up of members of the organization who are themselves candidates for office.

Reports will be made on all the candidates for office and Progressive Republican electors is to be distributed after the election in districts where only conservatives are running. Mr. Butler says the new organization is thoroughly Republican and is not a party but it represents the real feeling of the party.

HAMILTON CLUB FAILS TO RATIFY

CHICAGO, July 11.—For the second time in its history the Hamilton Club of Chicago has failed to ratify the action of the Republican National Convention. The political action committee failed for the purpose of inducing the action of the club to fail to make a report. Roosevelt men are said to form a majority of the committee. At the demand of the club for a second time and an effort will be made to frame a resolution that will be received favorably by all factions.

PELLETIER ENTERS GUBERNATORIAL RACE

DETROIT, Mich., July 11.—Pelletier to day played into the light for the governorship, taking out a full set of nomination papers. He is the first Democrat to take out papers. The Detroit Attorney has the papers distributed throughout the State. Early today to see his clerk, James G. Wolf, to the State House and secured the papers from Assistant Secretary of State Reynolds.

PEW IS FAVORED FOR DISTRICT JUDGE

WASHINGTON, July 11.—The vacancy in the district judgeship that will be caused by the elevation of Judge Frederick J. Lodge to a circuit judgeship, will be filled by a Massachusetts man, and among the most prominent candidates are General W. A. Pew of Salem and James W. Morton of Fall River.

Representative Gardner of Massachusetts accompanied A. P. White of Salem to the White House office to speak for the appointment of General Pew.

Mr. Morton is connected with the Morton family that has furnished distinguished judges to the Massachusetts bench.

ROB TAILOR HOME AT NEWPORT: \$3,000 GOODS RECOVERED

NEWPORT, R. I., July 11.—The home of Mr. and Mrs. Thomas Robb, who were captured by burglars early today and \$3,000 worth of silverware and goods were packed into bags and carried away. The burglar, while George French, a boy, was playing ball in an open lot on Morton road, he found a bag hidden near a fence. It contained the missing articles. They were turned over to Justice R. C. Foster, chief of police. The Robbs live at Housatonic Road, near the Waterbury. The house is over a cliff. It is thought that the burglars were frightened away and after taking the bag, left in a boat from a nearby wharf.

HINGHAM FIRE ROW EXPLAINED

"I believe that every bit of exposure for the recreation here could explain it. But Hingham wouldn't know it, or would think it just a day of trouble," said Commander J. H. Hingham, U. S. N., of the Hingham, at Housatonic Road, near the Waterbury. The house is over a cliff. It is thought that the burglars were frightened away and after taking the bag, left in a boat from a nearby wharf.

"I just told Chief Canning we were new and didn't need him," Jones told me. "We want Hingham people to realize that this magazine is a good thing for the town, and I'm sure this happened. But it was simply a matter of enforcing decency."

STUYVESANT FISH SAFE WON'T OPEN

NEWPORT, July 11.—A couple of expert safe-breakers from Boston are to break into Newport today by way of the safe in the Stuyvesant Fish house. The safe won't open. The combination doesn't work. Mrs. Fish can't get out her best china and silver plate until the safe-breakers persuade the merchant to work. If necessary the safe will be drilled open. Local burglars, who were asked to dig up the trouble, recommended blowing it open with dynamite. Mrs. Fish refused, fearing that the explosion would scatter the china.

Horses Bend to the Heat Alco Trucks Never Falter

This is going to be a hot summer. Heat follows cold. Last winter was the coldest in years. This summer is to be the hottest. It's the swing back of the weather pendulum.

Particularly will this heat affect horses. Ten thousand of them died in a few days from the blistering sun a year ago. In one week 1,200 alone perished in the streets of New York City—a sad sight and a serious business situation. For the money loss in five days ran over \$1,000,000—due to the death of the horses, veterinary bills, and business loss through inability to execute orders.

What the loss amounted to in other parts of the heat zone can only be guessed at a gigantic sum.

There is a way to prevent this loss.

Motor trucks are not affected by the sun's rays. They travel along as fast and as smoothly on a sizzling hot day as on a cool day.

They do not bend to the weather. They beat horses five to one on a hot day.

It is the old story over again of the Animal and the Machine. The Machine almost always wins.

Alco motor trucks have saved the lives of untold numbers of horses, have prevented the loss of thousands of dollars by delivering the goods on time—have been a Godsend to humanity and animaldom.

Alco motor trucks flourish and succeed greatest where the test is most severe. And the test is nowhere more grueling than in the express service. For the haul is heavy and often long; the goods must be delivered on time and rush seasons are numerous.

Four express companies have over \$275,000 invested in Alco trucks. The American Express Company has 41 Alcos. It has recently placed its tenth repeat order for five more. The Long Island Express Company has twenty. Ten of

marriage a failure?
Here's Hugh Reidpath, whom Jimmie McAlister, Jake Stahl and baseball wise ones, in general, were pronouncing the "end" of the year. He pitched ten baseball games for the Red Sox, with this result:
Won..... 7 Lost..... 3
That percentage of victories, carried out throughout the Red Sox pitching career, would assure an American League pennant in Boston. Reidpath, pitching his second year in the majors and being twenty-two, it was considerably believed he would become a phenomenon—world beater.
But Reidpath married. Here is what happened thereafter:
He pitched two innings against the Yankees, and the Yankees made four runs in the second. Hall relieved Reidpath, but the Yankees had already won their first victory of 1912 over the Bostonians.
He pitched one inning against the Athletics. The Athletics made three runs. Hall again relieved Reidpath and pulled the game out of the fire.
He pitched one inning against the St. Louis Browns yesterday, the Browns made three runs and won, 5 to 2, the first game they have taken from the Red Sox this year.
Those four innings have made Reidpath record look like this:
Won..... 7 Lost..... 5
That percentage, carried on throughout the Red Sox pitching career, would NOT win the pennant.

WHAT'S the answer. Simply this:
Like measles among children, marriage is a necessary evil among baseball players. The sooner they have it over with the better—probably.
After awhile Reidpath will likely pitch as good baseball as he ever did—maybe better. Like the measles—they almost all recover.

RETURNING from this diversion into the field of romance back into the very practical baseball game—Reidpath was not the only man who fell by the wayside yesterday. After the Browns had slammed Reidpath for five hits, Larry Page took a triple, and the game was in the next inning. Reidpath, for five hits, Larry Page took a triple, and the game was in the next inning. Reidpath, for five hits, Larry Page took a triple, and the game was in the next inning.

ONE single.
One home run.
One two-bagger.
The collection was sufficient to produce three runs.

THE game Douglas Smith, the St. Louis one, usually Jack, Charles, George or Bill. Douglas breaks the monotony.

RED SOX AFTER

Herey Rowell gives the last exhibition of his rejuvenated and restored St. Louis Browns at Fenway Park this afternoon. Rowell was beaten 5 to 1 and 3 to 2 and was 9 to 2, which is something like last business, and unlike what has usually been expected for the league leader.
The new leader of the old fallers was expected to be the league leader in this afternoon—only Joe Wood pitched. Wood was expected to be the league leader in this afternoon—only Joe Wood pitched. Wood was expected to be the league leader in this afternoon—only Joe Wood pitched.

THE game was due for a hitting, and the Red Sox for a downfall, yesterday, and both things happened. The Browns hit Beltrami, Page, Collins and Smith for eight runs and drove in a home run, three three-runners and two doubles. All players looked alike to the crowd. Collins was the only one who looked like a star. He was the only one who looked like a star. He was the only one who looked like a star.

REIDPATH is as Fast as Maxey Long Was
Here is the greatest quarter-mile runner developed in America since the day of the great Maxey Long—Charles Reidpath. Reidpath runs in a different style from what Long ran. He is a quick, energetic athlete and "pounds" all the way through a race. As far as strength goes, there are few athletes in competition today who can stand up under "repeating" as the young Reidpath has never been beaten in a quarter-mile race, neither has he ever suffered any one to beat him in the first five furlongs of a stretch "dash," excepting on one occasion, when he took a tumble early in his race. He always goes out in front and makes the running. The most notable thing about Reidpath's work on the quarter-mile track is that in the last fifty yards of his race, he averages 40-second quarter-mile runs, which is a very fast time for his class. He has been running in this way for some time, and when he goes into the race, he has the same drive in his stride, and he has the same drive in his stride, and he has the same drive in his stride.

STALLION BADEN LOOKS LIKE COMER
GRAND RAPIDS, Mich., July 11.—A desperately contested race of five heats, the Stallion Baden, driven by the New York trainer, A. R. Rodney, won the \$10,000 Stallion Manufacturers' stake for 2:12 trotters at Comstock Park, before a crowd of about 100 people. It was the hardest race in the history of the state and the winner showed no signs of being a really high-class trotter, nor liable to develop into a real champion.

PILGRIMS OUT TO EVEN SERIES

ST. LOUIS, July 11.—The Boston Pilgrims are out to even up the series with the Cardinals in today's game. Just now it stands two to one, in favor of the locals, but an equally bad to want promised to be another victory for the Pilgrims yesterday. They were riding along on the big end of a 3 to 1 score, with prospects of more. The superstitious clouds appeared in the fourth inning. Suddenly they left behind the grasshopper grow black, and a thick twilight settled on the scene of festivities. John Tuse was so bewildered that he struck out, and Edgar Hill himself could no longer perceive the pitcher's error.

THEY Demand Admittance.
The "bookies" insisted today that they would force the management to admit them, declaring that they paid for their admission and could not be barred. The management, however, holds that, just as the case of theatre, the ticket is a document, subject to the right of the owners to revoke it when they deem it necessary. The bookies, however, insist that it has been sold by operators who have no right to sell tickets, and that it has been sold by operators who have no right to sell tickets, and that it has been sold by operators who have no right to sell tickets.

Notes of the Links
The unexpected arrival of J. J. McMorris, the national open golf champion of the year, at the Hotel New Yorker, where the Mercurio, open championship in golf, was being held, caused no little stir among the professional golfers. McMorris, who had been playing in the morning and had lost his way in the morning, was met by the crowd and he played his first two rounds well.

After the first loaf—

"They always come back to Honey Bread"

A single slice is sufficient to make anyone like this loaf. Honey Bread is so delicious and so easily digested that you can't eat too much or too often. Sweet, but never too sweet. And the most wholesome—because of better flour, better baking, better everything.

Every loaf is fresh and clean. Be one of many, who will today
